15:10 - 15:20	What is the role of surgery in the innovative treatment of locally advanced skin cancer?	I.Gavrilova
15:20 - 15:30	Microtia - clinical experience and reconstruction techniques with autologous cartilage	I.Gavrilova
15:30 - 15:40	Reconstruction of the Eyelid and Periorbital Region Defects Following Excision of Invasive Skin Cancers	D. Dzokic
15:40 - 15:50	Orbital Exenterations and Periorbital Tumors: Etiology, Indications, Surgical Treatment and Possibilities for Reconstruction	S. Georgiev
15:50 - 16:00	Local Flaps in Facial Reconstruction After Resection of Malignant Cutaneous Tumors	M. Basheva
16:00 - 16:10	One stage reconstruction of the lower lip after wide excision of malignancy	S. Georgiev
16:10 - 16:20	Anti-Aging Endoscopic Assisted Operations of Upper and Middle Third of the Face.	T. Dimitrov
16:20 - 16:50	Coffee Break	
16:50 - 17:50	Sponsor Satellite Symposium Medical Mentor	Invited Lecturer
Session 2: Breast Surgery Moderators: R. Romanski, Y. Zayakova		

BULAPRAS V-th National Conference, 28-30 April 2023, Grand Hotel Millennium, Sofia

17:50 - 18:00	Mastopexy and Explantation Mastopexy	R. Romansky
18:00 - 18:10	Reduction Mammoplasty with Free Nac Graft (Thorek-Gradinger). Clinical Cases	R. Romansky
18:10 - 18:20	Our Experience with Latissimus Dorsi Flap Reconstruction After Mastectomy	A. Stefanova
18:20 - 18:30	Multiplane Breast Augmentation: Techniques and Indications	D. Yankov
18:30 - 18:40	Challenges of Mastopexy-Augmentation Surgery	D. Yankov
18:40 - 18:50	Reconstructive Surgery In A Patient With Poland's Syndrome – A Case Report	A. Petkov
20:00	Welcome Reception	
29 April 2023 Saturday		
Session 3: Burns and Wounds Moderators: M. Argirova, E. Zanzov		
08:30 - 08:50	Small is Beautiful- Burn Treatment in Newborns and Toddlers	Guest Lecture Clemens Schiestl
08:50 - 09:10	Skineering- Autologous Skin Substitutes in Massive Burned Patients	Guest Lecture Clemens Schiestl
09:10 – 09:20	Friction Burns in Children – Epidemiology, Management and Strategy	M. Argirova
09:20 - 09:30	Vacuum Assisted Therapy for Difficult Wounds – Efficacy and Cost-Effectiveness	K. Kalinova
09:30 - 09:40	Veraflo Therapy for the Treatment of Heavy Post Operative Infections. Technique and Use	L. Efremova
09:40 - 09:50	Clinical Experience on the Use of Biobrane Tm as a Temporary Coverage in the Treatment of Severe Full-Thickness Burns	I. Pashov
09:50 – 10:00	The Importance of Family Environment in the Epidemiology of Burns in Children. Our Experience	K. Tonev
10:00 – 10:10	Single-Stage Reconstruction of Wound Defects through Application of Synthetic Dermal Matrix and Skin Graft	B.Valeriev
10:10 - 10:30	Coffee Break	

Session 4: ISAPS Symposium		
10:30 - 10:50	Facial Assessment Strategy	Ivar Heijningen
10:50 - 11:10	Peri-Orbital Anatomy and Aging. Basic Blepharoplasty Techniques	Ivar Heijningen
11:10 - 11:30	EASAPS & ISAPS Membership	Ivar Heijningen
11:30 - 12:30	Sponsor Satellite Symposium Allergan Aesthetics Holistic approach to full face treatment with Juvederm Vycross	Sponsor Lecturer
Session 5: Rhinoplasty and Non-Surgical Rejuvenation Moderators: D. Yankov, I. Stoyanov		
12:30 - 12:50	Dorsum Shaping in Rhinoplasty	Guest Lecture Zekeriya Tosun
12:50 - 13:00	Push-Down Dorsal Preservation Rhinoplasty with Percutaneous Osteotomies	D. Yankov
13:00 - 13:10	Principles and Techniques of Nasal Septoplasty	D. Yankov
13:10 - 13:20	Can We Really Rejuvenate Skin with Dermatological Lasers	E. Hristozov
13:20 - 13:30	Social Myths About Dermatological Lasers	E. Hristozov
13:30 - 13:40	A Combined Approach to Achieve an Optimal Aesthetic Result - Thread Lifting and Injectable Treatments	E. Valyanova
13:40 - 13:50	Hybrid Approach in Scar Treatment	I. Stoilova
13:50 - 14:00	High-Intensity Focused Ultrasound-Thermotherapy of Pathological Scars	K. Ivanova
14:00 - 14:30	Lunch	
Session 6: Maxillofacial Surgery and Facial Anomalies Moderators: Y. Anastasov, R. Khater		
14:30 - 14:50	Maxillary Distraction Osteogenesis for Cleft Lip and Palate Cases	Guest Lecture Zekeriya Tosun
14:50 - 15:00	Upgrade of the Electronic Medical Record for Facial Anomalies 2020-2023	Y. Anastasov
15:00 - 15:10	Retrospective Analysis of Cleft Lip Patients – late Results and Most Common Defects	I. Ginev
15:10 - 15:20	Tissue Perfusion Assessment with Indocyanine Green in Reconstructive Surgery	P. Bonev

15:20 – 15:30	3d Bioprinting and its Applications in the Plastic and Reconstructive Surgery Field	I. Bogeva
15:30 – 15:40	Reconstruction of Full-Thickness Tissue Defects in the Hair Part of the Head	P. Kiskinov
15:40 – 15:50	Complete Scalp Avulsion Treated with Tissue Replantation	P. Kiskinov
15:50 – 16:00	Mistake and Complications Using the Expander Technique in Plastic Surgery	P. Kiskinov
16:00 - 16:30 Coffee Break		
16:30 – 17:00 Sponsor Satellite Symposium		
Session 7: Reconstructive Surgery and Microsurgery Moderators: R. Romanski, R. Khater		
17:00 - 17:20	Local Perforator Flaps: A New Step in Tissue Coverage of The Lower Leg? Advantages, Disadvantages, and Pitfalls	Guest Lecture Alexandru Georgesku
17:20 – 17:40	The Surgeon Facing Legal Risk	Guest Lecture Yves Jacob
17:40 – 18:00	The Contribution of Pyrocordan in Arthroplastic Surgery of the Hand	Guest Lecture Yves Jacob
18:00 – 18:10	Reconstructions of Lower Leg Complex Defects	R. Romansky
18:10 - 18:20	Patterns and Management of Soft Tissue Defects after High-Energy Trauma – The Therapeutic Challenges of Plastic Surgeons	A. Argirova
18:20 – 18:30	Local Flaps for Skin Defects of the Face: Tips and Tricks	Str. Efremov
18:30 – 18:40	Clinical Experience and Management of Complex Posttraumatic Defects Affecting Hand, Wrist and Forearm	T. Dimitrova
18:40 – 18:50	A Classic in the Genre: The Gastrocnemius Muscle in Reconstructive Surgery – A Clinical Experience	M. Martinov
18:50 – 19:00	Functional and Aesthetic Revision of Distal Pedicled Sural Flaps – A Clinical Case Series	M. Martinov
19:00 – 19:10	Our Clinical Experience with Pedicled Perforator Flaps	R. Tachev
20:00 Conference Dinner		

30 April 2023 Sunday		
Session 8: Varia		
Moderators: V. Petrov, J. Dimitrov		
09:00 – 09:20	How Far the Indication for Local/Regional Flaps for Head Defects After Tumors' Excision?	Guest Lecture Alexandru Georgesku
09:20 - 09:40	Breast Reconstruction: Simple Can be Better?: Advantages of Implants+/_ Latissimus Dorsi Muscle/ADM	Guest Lecture Alexandru Georgesku
09:40 – 10:00	Predictors and Indicators for Psychiatric Disorders in Plastic and Aesthetic Surgery. Patient benefits of Surgeon - Psychologists collaboration	Guest Lecture Elena Petrovska
10:00 – 10:30	Coffee Break	
10:30 – 11:30	Sponsor Satellite Symposium Bulmed Consult	Evgeni Sharkov
11:30	Closing	
11:40 – 13:00	BULAPRAS Annual Meeting
